Event/Date: Neill Library Paws for Fines Event

Whitman County Humane Society received \$432 worth of pet supplies and food from library patrons who were given this opportunity to take care of their fines. A steady flow of items for pets filled the display case at Neill Public library along with 314 pounds of people food from individuals who chose macaroni and cheese donations over kibbles and bits.

Thanks to everyone who chose to participate in this week of amnesty from library fines and just remember it's never too late to get those library materials back to us. A late book is not a reason to stop visiting the library; library staff are courteous and willing to work with individuals to restore borrowing privileges.
